SUMMARY

Education in film production, with an importance on directing and post-production. Self-starter, quick learner, goal-oriented, and ardent in helping teams succeed. Have extensive knowledge in computers and computer software. Great at building strong relationships through my many yeas in sales. I have excelled in both internal and external sales. I am enthusiastic, ambitious and passionate about my work.

Software Skills

Visual Studio Code, Adobe Creative Suite (Premier & Photoshop); Final Cut Pro: Lightroom; Microsoft Office Suite; DaVinci Resolve, OS, IOS, Windows 7, Windows 10

Bachelor of Arts in Cinema Production, Emphasis in Directing and Editing

PROFESSIONAL EXPERIENCE

Pared | New York, NY

07/2018 - Present

Account Executive

Pared was my first internal sales job. Quickly have excelled and have become one of the top sales members of their team. I have been selling to both the San Francisco and New York market. Excellent in time management and focusing on several task. I succeed at creating new partnerships and showing the value gained by becoming a customer. Work great in a team environment while achieving own personal goals.

World of Macintosh New York, NY

04/2018 - 04/2018

Editor

Collaborated with an artist to create a short video that was displayed in the World of Macintosh building. Edited clips around an original piece of music made for his work. The video helped show the connection between the painter and Andy Warhol, whom he had been videographer for.

The Nike Store | Santa Monica, CA

08/2013 - 03/2018

Store Manager (Promoted from Nike Athlete, 07/2015)

Planned, scheduled and organized Nike+ Run Club for the Greater LA area. Partnered with store buyers in analyzing and capitalizing on sales trends (sizes, colors, and styles) while increasing Men's Running and Training sales from 7% to 10% of total store sales.

A1A Computing | Santa Monica, CA

05/2009 - 01/2013

Sales Manager and Systems Administrator

Assisted customers with software integration, administration/IT-connectivity support, and general troubleshooting. Facilitated sales of hardware, software and technology components. Provided home support in order to set up networks, fix hardware and clean up software.
